

## MET-L-X Agent, and LITH-X Agent Dry Powder Suppressing Agents

### MET-L-X Agent Application

ANSUL® MET-L-X Dry Powder Suppressing Agent may be used on sodium, potassium, sodium-potassium alloy, and magnesium fires. In addition, it will control and sometimes suppress small fires on zirconium and titanium.

MET-L-X Agent can be discharged through hose lines and is available in hand portable, wheeled, stationary, and piped system extinguishers ranging from 30 lb to 2000 lb.

### MET-L-X Agent Description

MET-L-X Agent is a free-flowing dry powder composed of a salt base. Other additives, including a polymer for sealing burning metals, enhance the agent's heat caking and/or crusting performance.

### MET-L-X Agent Approvals and Listings

MET-L-X Agent is listed by Underwriters Laboratories for use on sodium, potassium, sodium-potassium, and magnesium alloys. The listing includes scoop application, 30 lb hand portable extinguishers, and 150 lb and 350 lb C-Model wheeled and stationary extinguishers.

### MET-L-X Agent Ordering Information

MET-L-X Agent may be purchased in steel\* containers with 50 lb (22.7 kg) of agent; shipping weight is 54 lb (24.5 kg). Order Part No. 9328.

### LITH-X Agent Application

ANSUL LITH-X Dry Powder Suppressing Agent was developed for use on lithium fires, and will also suppress magnesium, sodium, and potassium fires. LITH-X agent will contain, and in some cases completely suppress fires of zirconium, titanium, and sodium-potassium alloy.

### LITH-X Agent Description

LITH-X Agent is a compound of a special graphite base with additives to render it free-flowing so that it may be used in 30 lb hand portable extinguishers, and 150 lb and 350 lb C-Model wheeled extinguishers. It does not cake or crust, but excludes air and conducts heat away from the burning mass to suppress the fire.

### LITH-X Agent Ordering Information

LITH-X Agent may be purchased in steel\* containers with 45 lb (20.4 kg) of agent; shipping weight is 49 lb (24.5 kg). Order Part No. 9334.

### Ordering Information

For fire protection assistance, see your nearest Authorized ANSUL Distributor listed at [www.ansul.com](http://www.ansul.com), or contact your local ANSUL Sales Representative.

\*Johnson Controls may substitute steel containers with plastic containers.
