EXTINGUISHERS — Ordinary Class A Rating: The number preceding the "A" indicates an approximate number of 1/4 gal- lon containers of water (or foam) that the extinguisher is equiv- alent to in fire fighting capacity.

Class B Ratings: The number preceding the "B" indicates the relative fire extinguishing potential in square footage of the extinguisher when used by a novice on a wood or fiber fire.

Class C and D Ratings: The number preceding the "C" or "D" indicates the relative extinguishing potential in square footage of the extinguisher when used by a non-expert on a Class C or D type fire.

Coast Guard Approvals — For extinguishers with U.S. Coast Guard Approval, the approval is valid only when used with the bracket specified on the extinguisher nameplate.

13-YEAR WARRANTY RED LINE CARTRIDGE-OPERATED HAND PORTABLE FIRE EXTINGUISHERS

Your RED LINE Q-Model extinguisher is warranted against defects in workmanship and material from date of delivery to original purchaser up to the first hydrostatic test date. Tyco Fire Protection Products ("TFPP") will repair or replace any metal part or Q-Model cartridge guard which, in its opinion, is defective and has not been tampered with or subjected to misuse, abuse, or exposed to corrosive conditions.

This warranty is in lieu of and TFPP expressly disclaims all other warranties, express or implied, including but not limited to FIT- NESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY. Any implied warranties, including those of MERCHANTABILITY and WORKMANSHIP, ARE LIMITED IN DURATION TO THE GENERAL WARRANTY TERMS SET FORTH ABOVE. SOME STATES DO NOT ALLOW LIMITATIONS ON IMPLIED WARRANTIES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

ALL IMPLIED WARRANTIES INCLUDING, BUT NOT LIMITED TO, FITNESS FOR PURPOSE AND MERCHANTABILITY ARE LIMITED IN DURATION TO THE PURCHASE PRICE PAID BY THE CUSTOMER FOR THE PARTICULAR EXTINGUISHER. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT BE APPLI- CABLE TO YOU.

To obtain repairs, extinguishers should be returned to your local authorized ANSUL distributor or send, prepaid, to Tyco Fire Protection Products, Marinette, Wisconsin 54143-2542.

SENTRY EXTINGUISHERS WARRANTY, DISCLAIMER AND LIMITATION

Subject to the conditions described below, SENTRY fire extin- guishers manufactured by Tyco Fire Protection Products ("TPFP") are warranted for six (6) years from date of delivery to the original consumer purchaser against defects in workmanship and material. As purchaser’s sole and exclusive remedy, TPFP, during the warranty period, will replace or repair, at its option, any part which, in its opinion, is defective and has not been tampered with or subject to misuse, abuse, or exposed to corrosive conditions.

ALL IMPLIED WARRANTIES INCLUDING, BUT NOT LIMITED TO, FITNESS FOR PURPOSE AND MERCHANTABILITY ARE LIMITED IN DURATION TO THE PURCHASE PRICE PAID BY THE CUSTOMER FOR THE PARTICULAR EXTINGUISHER. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT BE APPLI- CABLE TO YOU.

IMPORTANT USE AND WARRANTY INFORMATION FOR ANSUL FIRE EXTINGUISHER OWNERS

If your SENTRY extinguisher comes with a hose, the hose will be included in the carton. Install the hose by applying a small amount of light oil on the male thread and allow the hose to slowly lose its pressure into the valve outlet.

The hose of a portable device containing dry chemical, powder, liquids, or gases which can be expelled under pressure for the purpose of suppressing a fire. Every extinguisher has symbols and numbers to indicate the type and size of fire on which the extinguisher should be used. To interpret that informa- tion, refer to the specifications contained in the "TFPP Fire Extinguishers," and may be purchased from National Fire Protection Association. Visit www.nfpa.org.

• Mounting Instruction for Wall Hangers — Underwriters Laboratories, Inc. specifies that the hanging device must with- stand a vertical force of five times the weight of the charged extinguisher, but not less than 100 lb (45 kg). To meet these requirements, it is recommended that the supplied hanger bracket be attached to the wall so that the top of the extinguisher is no more than 20 in. (508 mm) above the floor. Walls where 2 x 4 studs can be located: All Models – Use No. 14 wood screw, 1/4 in. (32 mm) long. Flashboards – Model 25372-15. SENTRY extinguisher with a 12" x 10" x 24" (200 mm x 254 mm x 609 mm) board and attach board to wall using 3/16" toggle bolt.

In case of a fire, evacuate the occupants of the hazard area and call the fire department. Then using your training and the information provided on the nameplate, evaluate whether you can react effectively to the type and size of fire you have in the particular situation.

If you decide to fight the fire:

1. Maintain the proper distance that is indicated on the extinguisher nameplate.
2. Pull the safety pin.
3. Hold the extinguisher firmly and begin discharging the agent at the near edge of the fire. (Most ANSUL extinguishers have a lever to squeeze at the handle or the nozzle.)
4. After the fire is out, step back and watch for possible reignition.

In fighting a fire or cleaning up after, try to avoid prolonged contact with the extinguishing agent. Most extinguishing agents are not toxic, but prolonged contact may result in temporary eye or respiratory irritation (refer to appropriate Material Safety Data Sheet (MSDS) for additional information).

For additional information or training aids on the proper use and application of hand portable extinguishers, contact your ANSUL distributor. Repairs by an untrained person may result in an inoperable extinguisher or a safety hazard.

The refill agent must be the same as originally used. Improper filling of the extinguisher, have the extinguisher refilled by an ANSUL distributor in accordance with the appropriate instruction of the extinguisher, have the extinguisher refilled by an authorized ANSUL distributor immediately, since the unit may need to be removed from service.

Do not attempt to perform repairs on the extinguisher. Maintenance or repairs should be performed by an authorized ANSUL distributor. Repairs by an untrained person may result in personal injury.
